

Oxygen Boosted

Removes the toughest urine stains.

Urine Stain Remover

with **HYDROXIDE**

URINE Removal System

Stain Removal

Urine Stain Remover

A supercharged combination of 7 ingredients and the oxidizing power of hydrogen peroxide safely remove the most challenging urine stains.

Contents: One U.S. Gallon (3.79 Litres)

BRIDGEPOINT®

SYSTEMS

- X Carpet Spotting
- X Upholstery Spotting
- ✓ Drapery
- 5.5 RTU pH

X = Primary Use ✓ = Secondary Use

- "If Urine Stain Remover can't get it out, it's not getting out"
- Blend of surfactants, solvents and hydrogen peroxide attack stains in multiple ways
- Anti-resoiling polymers allow Urine Stain Remover to be applied without extraction and fear of resoiling.
- For minor stains, an application of Urine Stain Remover and Hydroxide Xtreme is all that is needed.

URINE REMOVAL SYSTEM DIRECTIONS

Thoroughly inspect the affected area with an ultraviolet light designed for urine discovery to ascertain the extent of the urine damage.

For light to medium urine damage:

Apply our all-in-one Pet Zone urine stain and odor removal solution, allow to dwell for 10 minutes. Extract. If stain is still present, apply more Pet Zone or Urine Stain Remover and allow to dwell until dry.

For medium to heavy urine damage:

STEP 1: Decontamination with Urine Neutralizer
• Dilute Urine Neutralizer with 4 parts water in a pump or electric sprayer. Apply to the full area of contamination.

Remember that the area of contamination under the carpet may be more than twice the size of the stain on the surface. Apply enough to reach the pad and subfloor.

(Caution: some subfloors may be susceptible to water damage, be careful to not over apply.)
Allow to dwell 10 minutes.

• Extract Urine Neutralizer with a Water Claw® or Flash Extractor™ tool. Flush clear hot water around the Water Claw® tool several

times to remove dissolved urine contamination. For faster decontamination, use a Water Claw® extractor with Injectors.

STEP 2: Odor neutralization with Bio-Modifier Xtreme

• Dilute with 1 part warm water. Apply Bio-Modifier Xtreme heavily enough to penetrate all affected areas. Compressing the pad by stepping on it, or pushing down with a Water Claw, will disperse the product and provide even coverage. Use of a subsurface injection system such as the Injectimate or syringe can also be used to reach the contamination.

• Hydroxide Xtreme can be added to solution if additional odor neutralizing is needed.

STEP 3: Stain removal with Urine Stain Remover

- Polyester, olefin, triexta and solution-dyed nylon fibers will not stain.
- Pre-test in an inconspicuous area to determine fiber colorfastness. Not recommended for natural fibers like wool.
- Apply Urine Stain Remover to the surface fibers and allow to dwell for 10-20 minutes. Urine Stain Remover is ready to use and requires no dilution. Extract. If stain is still present, apply more Urine Stain Remover and leave. Note: don't saturate pad with Urine Stain Remover since the stain is on the fibers.

INGREDIENT DISCLOSURE

Water, Hydrogen Peroxide, Methoxyisopropanol, Polymer NJTS#58-2380661-5019, C9-11 Alcohols Ethoxylated, Anionic Copolymer, Sodium Styrene/MA Copolymer, Cocamidopropyl Betaine, Undeceth-5, Zinc Sulfate, Diammonium EDTA, C12-16 Alcohols Ethoxylated, Alkylpolyglycol.

IMPORTANT: Keep this product tightly capped and store in a dark cool place to preserve its shelf life. Always test this and similar products on the textile to be treated in an inconspicuous area and wait the appropriate time to test for color fastness before proceeding with treatment. Not recommended for natural fibers.

WARNING!

Keep out of reach of children.

HAZARD STATEMENTS:

Harmful if inhaled. Causes skin irritation. Causes serious eye irritation. Combustible liquid.

PRECAUTIONARY STATEMENTS:

Avoid breathing dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area. Wash face, hands and any exposed skin thoroughly after handling. Wear eye protection/ face protection. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell. In case of fire: Use CO2, dry chemical, or foam for extinction. Store in a well-ventilated place. Keep cool. Dispose of contents/ container to an approved waste disposal plant.

AVERTISSEMENT!

Tenir hors de portée des enfants.

MENTIONS DE DANGER:

Nocif par inhalation. Provoque une irritation cutanée. Provoque une sévère irritation des yeux. Liquide combustible.

CONSEILS DE PRUDENCE:

Éviter de respirer les poussières/ fumées/ gaz/ brouillards/ vapeurs/ aérosols. Utiliser seulement en plein air ou dans un endroit bien ventilé. Se laver le visage, les mains et toute surface de peau exposée soigneusement après manipulation. Porter un équipement de protection des yeux / du visage. Tenir à l'écart de la chaleur/des étincelles/des flammes nues/des surfaces chaudes. - Ne pas fumer. EN CAS DE CONTACT AVEC LES YEUX: rincer avec précaution à l'eau pendant plusieurs minutes. Enlever les lentilles de contact si la victime en porte et si elles peuvent être facilement enlevées. Continuer à rincer. Si l'irritation oculaire persiste: Consulter un médecin. EN CAS DE CONTACT AVEC LA PEAU : laver abondamment à l'eau et au savon. En cas d'irritation cutanée: Consulter un médecin. Enlever les vêtements contaminés et les laver avant réutilisation. EN CAS D'INHALATION : transporter la victime à

l'extérieur et la maintenir au repos dans une position où elle peut confortablement respirer. Appeler un CENTRE ANTIPOISON ou un médecin en cas de malaise. En cas d'incendie : Utiliser du CO2, une poudre d'extinction ou une mousse pour l'extinction. Stocker dans un endroit bien ventilé. Tenir au frais. Éliminer le contenu/récipient dans une usine d'élimination des déchets approuvée.

ATENCIÓN!

Mantener fuera del alcance de los niños.

INDICACIONES DE PELIGRO:

Nocivo en caso de inhalación. Provoca irritación cutánea. Provoca irritación ocular grave. líquido combustible

CONSEJOS DE PRUDENCIA:

Evitar respirar polvos/ humos/ gases/ nieblas/ vapores/ aerosoles. Utilizar únicamente en exteriores o en un lugar bien ventilado. Lavarse la cara, las manos y la piel concienzudamente tras la manipulación. Utilizar protección para la cara y los ojos. Mantener alejado de fuentes de calor/chispas/flama abierta/superficies calientes. - No fumar. EN CASO DE CONTACTO CON LOS OJOS: Aclarar cuidadosamente con agua durante varios minutos. Quitar las lentes de contacto, si lleva y resulta fácil. Seguir aclarando. Si la irritación ocular persiste: consultar a un médico. EN CASO DE CONTACTO CON LA PIEL: Lavar con agua y jabón abundantes. En caso de irritación cutánea: consultar a un médico. Quitarse las prendas contaminadas y lavarlas antes de volver a usarlas. EN CASO DE INHALACIÓN: Transportar a la víctima al exterior y mantenerla en reposo en una posición confortable para respirar. Llamar a un CENTRO DE INFORMACIÓN TOXICOLÓGICA o a un médico si se encuentra mal. En caso de incendio: Utilizar CO2, polvo químico seco o espuma para la extinción. Almacenar en un lugar bien ventilado. Mantener en lugar fresco. Eliminación de contenidos/ contenedor a una planta de incineración autorizada.
