

Dustless

# DustBuddie<sup>®</sup> for grinding with angle grinders

Save Time  
& Money in  
Clean Up

OSHA  
SILICA RULE  
EPA RRP

5" Model D1835  
7" Model D1850

## Features:

- 5" Model fits 4" - 6" grinders and 7" Model fits 7" - 9" grinders
- Universal mounting system fits a wide variety of grinders from major brands
- Durable construction will withstand daily wear and tear
- Removable front cover can be removed for grinding against walls
- Patented design only requires 2-steps to mount and be ready to work

## DustBuddie includes:

- (1) shroud
- (1) zip tie
- (3) height adjustment spacers
- (1) 18" flexible hose

**Dustless**  
TECHNOLOGIES

## Without Dust Collection

## With Dust Collection

Fits grinders made by Dewalt<sup>®</sup>, Milwaukee<sup>®</sup>, Bosch<sup>®</sup>, Makita<sup>®</sup>, Metabo<sup>®</sup>, Ryobi<sup>®</sup>, Ridgid<sup>®</sup>, and more...

# Dustless<sup>®</sup> OSHA Silica Rule Compliance Guide

When surface grinding with a hand-held grinder, OSHA requires two items:

- ✓ A commercially available dust collection shroud attached to the worker's tool
- ✓ A 99% efficient dust collection system that provides 25 CFM\* per inch of wheel diameter and includes a filter cleaning mechanism

\*Cubic feet per minute of air flow

Dustless Technologies makes the *most universal* and *most cost-effective* OSHA-compliant dust collection systems on the market. No need to replace your existing tools!

When grinding with a 4" - 6" angle grinder and a grinding wheel up to 5"

DustBuddie Dust Shroud  
(5" Model D1835)

Wet+Dry  
DustlessVac<sup>®</sup>  
(Model D1603)  
130 CFM

When grinding with a 7" - 9" angle grinder and a grinding wheel up to 7"

DustBuddie Dust Shroud  
(7" Model D1850)

Wet+Dry  
DustlessVac<sup>®</sup>  
(Model D1603)  
+  
HEPA Wet+Dry  
DustlessVac<sup>®</sup>  
(Model D1606)\*  
260 CFM

Y-Connector Kit  
(D0014)

\*The most affordable option is to combine two Wet+Dry DustlessVacs (D1603). However, OSHA requires a HEPA vacuum (D1606) for housekeeping tasks and for vacuuming drill holes.

NOTE: When grinding *indoors* with a grinder of *any size*, OSHA requires protection rated with an approved protection factor (APF) of 10 for shifts greater than 4 hours (regardless of dust control systems). APF 10 includes half masks and some dust masks.

Consult your safety equipment supplier for details
