

Leather Cleaner

RTU ph - 7.0

Leather Furniture Leather Apparel Leather Car Interior

☞ = Primary Use ☞ = Secondary Use

Contents: One U.S. Quart (.94 Litres)

- Deep cleans even the most stubborn dirt, soil, and spills from protected and aniline leather

- Easy to apply and easy to use

- Economical

DIRECTIONS:

General Usage Considerations

1. As with all cleaning agents, test for colorfastness on the leather you are going to clean in an inconspicuous area prior to using.

2. It is highly recommended that an application of Hydro-Force Professional Leather Revitalizer and Hydro-Force Leather Protector be applied after cleaning. This will replenish stain and soil resistance and any natural oils and moisture that may have been diminished during use.

3. Use a dedicated microfiber or soft towel that you only use on leather for agitation and cleaning.

4. This product is not recommended for use on suede, brushed, nubuck or "naked" leather.

Application

1. For best results, apply as a foam. Use a soft dedicated microfiber towel or a sponge and generously apply the solution.
2. Wipe the area gently with a dedicated microfiber or soft towel.
3. Do not aggressively scrub the area as this may cause surface damage.
4. Allow the cleaner to dissolve the dirt and grime from the surface for approximately 2-3 minutes.
5. Then wipe the area clean with your dedicated microfiber or soft towel.

INGREDIENT DISCLOSURE:

Water, Ethoxylated Alcohol, Isopropanol, Benzisothiazolinone.

IMPORTANT NOTICE TO PURCHASER: Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
