

**9-D-9™ FOR PROFESSIONAL USE ONLY. DILUTE FOR USE**  
**DIRECTIONS FOR USE:** Add 3 ounces of **9-D-9** with enough water to make one gallon of ready-to-use solution (23 mL / L). Saturation spray smoke residue depots with compression or electric sprayer. Do not use with a fogger. **DETOXIFYING SMOKE AND FIRE-DAMAGED JOB SITES:** Treating smoke-damaged surfaces and materials with **9-D-9** solution inhibits the evaporation of toxic fire-related gases. **FOR CHARGED WOOD OR ADDITIONAL ODOR CONTROL:** Add 1 ounce of **Last Resort®** to each gallon of **9-D-9** solution as prepared above (8 mL / L). **USE WITH OTHER PRODUCTS:** up to 1 oz. of **9-D-9** may be added to a ready to use gallon of other water-based cleaning solutions to increase their effectiveness.

**FOR BEST RESULTS** in smoke odor control procedures use Thermo-55 in Unsmoke's Three-Step Odor Control Process. Users are encouraged to attend training with Restoration Sciences Academy before using this system. For additional applications and product safety information, see the **9-D-9** User Guide and SDS at LegendBrandsRestoration.com

**CAUTIONS FOR APPLICATION:** **1)** Use with sprayer only. **2)** Avoid inhaling product vapor. Wear a NIOSH-approved organic respirator. **3)** Take care to protect individuals who may have sensitivity to the contents. **4)** Test surfaces before use. **5)** Not recommended for any application inside ventilation systems. **WARRANTY:** This product is safe when used as directed. **CONTAINS:** 2-propanol (CAS 67-63-0); non-ionic surfactant (CAS 68131-39-5); dipropylene glycol (CAS 25265-71-8); 2,4-PENTANEDIOL; 2-METHYL 2-propylene glycol (CAS 2265-70-9); 2,4-PENTANEDIOL; 2-methyl (CAS 107-41-5); water (CAS 7732-18-5); AMYL SALICYLATE (CAS 2050-08-0); BENZOIC ACID; 2-HYDROXY- METHYL ESTER (CAS 119-36-8); acetophenone, fragrance, D-limonene, coumarin, myrcene, pulegone.

**9-D-9™ USAGE PROFESSIONNEL. DILUER POUR L'UTILISATION.**

**MODE D'EMPLOI :** Ajouter 3 onces de **9-D-9** avec assez d'eau pour faire un gallon de prêt-à-utiliser la solution (23 mL / L). Saturation des dépôts de fumée pulvérisation avec la compression ou l'électricité ou à la pulvérisation à la vapeur. Ne pas utiliser avec une fumée ou à la pulvérisation à la vapeur. **Ne pas utiliser avec une fumée ou à la pulvérisation à la vapeur.** **TERNE-FUMÉE ET INCENDIE CHANTIER:** Traitement de fumées endommagées et carbonisées surfaces des matériaux avec **9-D-9** solution empêche l'évaporation des substances toxiques liées aux incendies de gaz.

**POUR LE BOIS CARBONISÉ OU SUPPLÉMENTAIRES DE CONTRÔLE DES ODEURS:** Ajouter 1 once de **Last Resort®** pour chaque gallon de **9-D-9** comme solution préparée ci-dessus (8 mL / L).

**UTILISATION AVEC D'AUTRES PRODUITS:** jusqu'à 1 oz de **9-D-9** peut être ajouté à un gallon prêt à l'emploi d'autres solutions de nettoyage à base d'eau pour augmenter leur efficacité.

**POUR DE MEILLEURES RÉSULTATS,** l'odeur de fumée dans les procédures de contrôle de l'utilisation **Thermo-55** en **Unsmoke de Trois Étapes** Produits de Nettoyage. Les utilisateurs doivent suivre les cours de formation de la **Restoration Sciences Academy** avant d'utiliser ce système. Pour plus d'informations sur la sécurité et d'autres applications du produit, voir le Guide de l'utilisateur à [LegendBrandsRestoration.com](#)

**PRÉCAUTIONS POUR L'APPLICATION :** **1)** Utilisez seulement avec le pulvérisateur. **2)** Evitez d'inhaler les vapeurs du produit. **3)** Portez un respirateur approuvé organique. **3)** Tenez soin de protéger les personnes qui ont la sensibilité à mal le contenu. **4)** les surfaces d'essai avant de l'utiliser. **5)** Non recommandé pour toute application dans les systèmes de ventilation. **GARANTIE :** Ce produit est sans danger lorsqu'il est utilisé selon les instructions. **CONTENU :** 2-propanol (CAS 67-63-0); surfactant non-ionique (CAS 68131-39-5); dipropylene glycol (CAS 2265-70-9); 2,4-PENTANEDIOL; 2-methyl (CAS 107-41-5); water (CAS 7732-18-5); AMYL SALICYLATE (CAS 2050-08-0); BENZOIC ACID; 2-HYDROXY- METHYL ESTER (CAS 119-36-8); acetophenone, fragrance, D-limonene, coumarin, myrcene, pulegone.

**9-D-9™ PARAPARA USO PROFESIONAL. DILUIDO PARA SU USO.** INSTRUCCIONES DE USO: Agregue 3 onzas de **9-D-9** con suficiente agua para hacer un galón de listas para utilizar la saturación de humo con los depósitos de residuos de pulverización de humo con la compresión o eléctrica pulverizadora. No utilizar con una fumigadora. **DESINTOXICANTE HUMO Y DAÑOS POR EL FUEGO LOS LUGARES DE TRABAJO:** Tratamiento de superficies dañadas de humo y con materiales carbonizados **9-D-9** solución inhibe la evaporación de sustancias tóxicas relacionadas con los gases de incendio.

**DE MADERA CARBONIZADA O ADICIONALES DE CONTROL DE ODORES:** Agregar 1 onza de **Last Resort®** a cada galón de **9-D-9** como solución preparada anteriormente. **USO CON OTROS PRODUCTOS:** hasta 1 oz de **9-D-9** puede agregarse a un galón listo para usar de otras soluciones de limpieza a base de agua para aumentar su efectividad.

**PARA OBTENER LOS MEJORES RESULTADOS** en los procedimientos de control de olor de humo uso **Thermo-55** en **Unsmoke de Tres Etapas del Proceso de Limpieza.** Se alerta a los usuarios a tomar cursos de capacitación con la **Academia de Ciencias de Restauración** antes de usar este sistema. Para una guía del usuario detallada, vaya a [LegendBrandsRestoration.com](#)

**PRÉCAUTIONS POUR L'APPLICATION :** **1)** Utilisez sólo con pulvérisateur. **2)** Evitez la inhalation de vapor de produit. **3)** Utilisez un respirateur approuvé par NIOSH. **3)** Tenez soin de protéger les personnes qui ont la sensibilité à mal le contenu. **4)** les surfaces d'essai avant de l'utiliser. **5)** Non recommandé pour toute application dans les systèmes de ventilation. **GARANTIE :** Ce produit est sans danger lorsqu'il est utilisé selon les instructions. **CONTENU :** 2-propanol (CAS 67-63-0); surfactant non-ionique (CAS 68131-39-5); dipropylene glycol (CAS 2265-70-9); 2,4-PENTANEDIOL; 2-methyl (CAS 107-41-5); water (CAS 7732-18-5); AMYL SALICYLATE (CAS 2050-08-0); BENZOIC ACID; 2-HYDROXY- METHYL ESTER (CAS 119-36-8); acetophenone, fragrance, D-limonene, coumarin, myrcene, pulegone.

**DANGER I Provoque de graves lésions oculaires.**  
May cause serious eye damage.  
**May cause an allergic skin reaction. Flammable**  
**Prevention:** Wear protective gloves/clairage et eyewear protection. Avoid breathing dust/fume/gas/mist/vapors/spray. Conserver hors de portée des enfants. Ne pas ingérer. Ne pas inhala. Ne pas aspirer/ouvrir flammes/hot surfaces. - No smoking.  
**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor. If ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water for several minutes. Wash contaminated clothing before reuse. If skin irritation or rash occurs: Get medical advice/attention. **IN CASE OF FIRE:** Use appropriate extinguishing media. **IF INHALED:** Remove person to fresh air. If not breathing, give artificial respiration. Call a poison center or doctor for help. **IF SWALLOWED:** Do NOT induce vomiting. Call a poison center or doctor for help. **Storage:** Keep containers tightly closed. Store in a well-ventilated place. Keep away from heat. **Disposal:** Dispose of contents/container in an approved waste disposal plant. **READ SDS AT [WWW.LEGENDBRANDSRESTORATION.COM](#)**
