

**SMOKE WASH™ FOR PROFESSIONAL USE ONLY. CONCENTRATE.**

**SMOKE WASH™ FOR USE.** Smoke Wash is a highly concentrated smoke odor counteractant and detergent booster specially formulated to remove fire related smoke residues and odors from machine-washable items.

Smoke Wash may also be added to water-based wall and fabric cleaning solutions. **DEODORIZING LAUNDRY:** For general fire related smoke odors add to wash cycle at the rate of 2 ounces (16 mL) per load. Overuse may cause foaming. **FOR BEST FOR BEST RESULTS:** 1)

Soak overnight in a solution of laundry detergent, 8 ounces (240 mL) **DegreaseAll** and 1 ounce (30 mL) **Smoke Wash** in 5 gallons (19 L) cold water. 2) Pre-treat stains with a solution of 32 ounces (960 mL) **DegreaseAll** and 8 ounces (240 mL) **Smoke Wash**. 3) Add 8 ounces (240 mL) of **DegreaseAll** to the wash cycle and laundry cycle. **TO REMOVE PROTEIN-RELATED SMOKE FROM LAUNDERABLE GARMENTS:**

1) Run a test load with **Smoke Wash**. 2) If odors persist, substitute **Double-O™ Protein Odor Counteractant. FOR FOAM CLEANING UPHOLSTERY OR AS A TEXTILE PRECONDITIONER:** Add 2 ounces (59 mL) of **Smoke Wash** to one gallon (3.8 L) of warm water, agitate with brush or natural sponge to create a foam. Vacuum upholstery to remove dry soil. Apply foam to a small area with a natural sponge or a soft brush. Wipe up excess foam with clean white terry cloth towels or vacuuming before proceeding to the next area. For additional applications and product family information, see the **Smoke Wash** Use Guide and SDS at [LegendBrandsRestoration.com](#).

**TEST SURFACES FOR COMPATIBILITY BEFORE USE.** Not recommended for use in ventilating systems. **WARRANTY:** This product is used when used as directed. **CONTAINS:** Nonionic surfactant (CAS 58439-46-3), glycol solvent (CAS 25265-71-8), amyl acetate (CAS 628-63-7), methyl salicylate (CAS 119-36-8), 2-methylbutyl acetate (624-41-9), fragrance, ethylene oxide.

**SMOKE WASH™ CONCENTRÉ - DILUER AVANT L'UTILISATION.**

**Smoke Wash** est un renforçateur et neutralisant concentré d'odeurs de fumée spécialement conçu pour éliminer des vêtements lavables à la machine les résidus et les odeurs après feu. **Smoke Wash** peut aussi être ajouté à la solution de nettoyage des produits à base d'eau utilisée pour

le nettoyage de murs et de tissus. **DÉSOUDORISATION DE LA LESSIVE:**

Pour les odeurs reliées au feu, ajouter pendant le cycle de lavage à raison de 2 onces (16 mL) par charge. L'usage abusif peut causer une mousse excessive. **POUR OBTENIR LES MEILLEURS RÉSULTATS:** 1) Faire tremper pendant toute une nuit dans une solution de détergent à lessive, 8 ounces (240 mL) de **DegreaseAll** et 1 once (30 mL) de **Smoke Wash** par 5 gallons (19 L) d'eau froide. 2) Pré-détricher avec une solution de 32 onces (960 mL) de **DegreaseAll** et 8 ounces (240 mL) d'eau. Ajouter 8 onces (240 mL) de **DegreaseAll** pendant le cycle de lavage.

**Laver comme d'habitude.** Pour **ELIMINER DES VÉTEMENTS LAVABLES L'ODEUR DERIVÉE DE PROTEINES RELÈVES À LA MACHINE:** 1) Faire tremper une petite partie de la machine à laver avec 8 onces (240 mL) de **Smoke Wash** et 1 once (30 mL) de **DegreaseAll**. 2) Si l'odeur persiste, substituer **Double-O™ Neutralisant d'odeurs dérivées de protéines UTILISATION DANS LA MOUSSE NETTOYANTE POUR MEUBLES REMBOURRÉS OU COMME ASSASSINNEUR DES FIBRES TEXTILES:** Ajouter 2 onces (59 mL) de **Smoke Wash** dans un seau contenant un gallon (3.8 L) d'eau tiède, frotter avec une brosse douce ou une éponge pour mousser. Passer l'aspirateur pour éliminer la saleté séchée de la tapisserie. Appliquer la mousse sur une petite section, avec une éponge naturelle ou une brosse douce. Essuyer l'excès de mousse avec un tissu-éponge blanc ou une serviette blanche ou passer l'aspirateur avant de continuer avec la section suivante. Pour plus d'informations, consulter la section "d'application" du produit ou consulter le Guide de l'utilisateur à [LegendBrandsRestoration.com](#).

**PRÉCAUTIONS POUR L'APPLICATION:** Essayer la compatibilité de la surface à traiter avant l'utilisation. Non recommandé pour une utilisation dans les systèmes de ventilation. **GARANTIE:** Le produit est sécuritaire lorsqu'il est utilisé en suivant les instructions. **CONTIENT:** Surfactant non ionique (CAS 9036-19-5), dipropylenglycol (CAS 25265-71-8), acétate d'amyle normal (CAS 628-63-7), salicylate de méthyle (CAS 119-36-8), Acétate de 2-méthylbutyl (624-41-9), parfum, oxyde d'éthylène.

**SMOKE WASH™ CONCENTRADO - DILUIR ANTES DE USAR.** **Smoke Wash** es un reforzador de detergente y neutralizante del olor a humo sumamente concentrado, especialmente concebido para eliminar de las prendas los olores y residuos causados por el humo de incendio. **Smoke Wash**

Wash también puede agregarla a las soluciones limpiadoras a base de agua para lavar paredes y telas. **DESOBORIZAR ROPA:**

Para ropa derivadas del fuego en general, agregar en el ciclo de lavado a razón de 2 onzas (16 mL) por carga. El uso exagerado puede causar espuma excesiva. **PARA OBTENER MEJORES RESULTADOS:** 1) Remojar durante una noche en una solución de detergente para ropa, 8 onzas (240 mL) de **DegreaseAll** y 1 onza (30 mL) de **Smoke Wash** por cada 5 galones (19 L) de agua fría. 2) Tratar previamente las manchas con una solución de 32 onzas (960 mL) de **DegreaseAll** con 96 onzas (250 mL) de agua. Agregar 8 onzas (240 mL) de **DegreaseAll** al ciclo de lavado. 3) Lavado de ropa para ELIMINAR RESIDUOS DE PROTEÍNAS LAVADAS LAS PROTEÍNAS REMEDIADAS O LOS OLOR.

**HUMO:** 1) Hacer un lavado de prueba con **Smoke Wash**. 2) Si el olor persiste, sustituir **Double-O™**. Neutralizante del olor a proteínas. **PARA USAR EN LA ESPUMA LIMPADORA DE MUEBLES TAPIZADOS O COMO ACONDICIONADOR DE FIBRAS TEXTILES:** Agregar 2 onzas (59 mL) de **Smoke Wash** en un balde que contenga un galón (3.8 L) de agua tibia, frotar con cepillo o esponja natural para formar una espuma. Aspirar para quitar las partículas de suciedad seca de la tapicería. Aplicar la espuma en un sector pequeño, con una espuma natural o un cepillo suave. Quite el exceso de espuma con una tela de toalla blanca o pasa la aspiradora humeda y seca antes de aplicar el siguiente factor. Para obtener información sobre otras aplicaciones y la seguridad del producto, véase la Guía del Usuario de **Smoke Wash** en [LegendBrandsRestoration.com](#). **PRECAUCIÓN PARA LA APLICACIÓN:** Probar siempre la compatibilidad de las superficies antes de usar. No se recomienda para su uso en sistemas de ventilación. **GARANTIA:** Este producto es seguro si es utilizado de la manera indicada. **CONTENIDO:** Surfactivante no iónico (CAS 9036-19-5), dipropilenoglicol (CAS 25265-71-8), acetato de amilo (CAS 628-63-7), metil salicilato (CAS 119-36-8), acetato de 2-metilbutilo (624-41-9), fragancia, óxido de etileno.

**SMOKE WASH™ I Warning**

Harmful if swallowed. Causes skin irritation. Causes serious eye damage. Flammable liquid and vapor.

Do not eat, drink or smoke when using this product. Keep away from heat, open flames and hot surfaces. — If in eyes: Rinse cautiously with water for several minutes.
