

## Fire/Smoke Remediation

### ODORx Thermo-2000

Powerful water-based odor counteractant for thermal fogging. Neutralizing and pairing agents work in tandem to suppress or eliminate a wide variety of tough odors. Choose the fragrance that works best with the malodors being treated.

### Features

- Intended for use with a thermal fogging device such as the Thermo-Gen VF or Electro-Gen 2000C.
- Select the Thermo-2000 scent based on the odor source:

Protein: Citrus-Lemon

Synthetic: Kentucky Blue Grass

Natural: Cherry

Scent sensitivity: Fragrance Free

- Working with especially difficult odors? Try ProRestore's [Proven Odor Removal System](#).
