Industrial Counter Rotating Brush Machine

You've got a job to do; you don't have the time or energy to baby a fragile machine. You don't budget money for repair shop visits. And you're certainly not billing your customer when your cheap plastic machine breaks on the jobsite. Bottom line: you want a quality machine. The Hydro-Force Brush Pro was built for the professional customer; for those that need a machine that will run for 12 hours/day without asking for time off on Friday. Designed to withstand the rigors of extreme commercial cleaning, the Brush Pro will outlast, out clean and out perform any encapsulation machine on the market.

- All stainless steel construction
- Industry's best built, most powerful motor
- Clean both carpet and hard surfaces with one machine
- Splash-water proof construction is IP 54 certified, making it perfect for cleaning oriental rugs
- Super quiet operation makes it the ideal machine for cleaning casinos, hotels, hospitals and more
- Complete cleaning system; machine, cleaning compound and encapsulation prespray
- Included Renovators allow you to collect soil that normal vacuuming is unable to remove
- Lightweight construction makes getting the Brush Pro in and out of vans a breeze
