

Liquid Slurry (S876)

Liquid extraction detergent for portable or truckmount extraction

FOR PROFESSIONAL USE ONLY

The strength and power of Dry Slurry in a liquid!

APPLICATION: Extraction Detergent

DESCRIPTION

This extremely potent solution uses the strength of alkaline builders and powerful surfactants to quickly emulsify suspended greasy soils, grime and pre-spray residues leaving fibers bright, soft and clean. Safe for use on fifth-generation nylon carpets. Formulated with new-technology polymers that surround remaining microscopic soils that can lead to wicking, browning and re-soiling. Liquid Slurry captures soils during the drying process for easy removal and a superior long-lasting clean. Ideal for truckmount and portable use. Dissolves quickly and contains corrosion inhibitors to protect your equipment.

FEATURES

- Safe for stain-resistant carpet
- Contains powerful degreasing surfactants
- Compatible with high temperature truckmount systems
- Detergent polymers reduce wicking, browning and leave no sticky residue to cause carpet re-soiling
- Highly concentrated for economical use
- Contains corrosion inhibitors to protect your equipment

WHERE TO USE

Use on residential stain-resistant nylon as well as commercial nylon and olefin carpets.

USE DILUTION:

Truckmount: 16 – 32 oz. / 5 gallons
 Portable: 1 oz. / 5 gallons

USE DIRECTIONS:

Truckmount: For routine use (average soil conditions) – mix one pint (16 oz.) into 5 gallons of water to make truckmount concentrate. For heavy soil levels, mix one quart (32 oz.) per 5 gallons of water. Meter concentrate at 2 to 4 gallons per hour.
 Portable: Routine use – 1 oz. per 5 gallons of water (1:640). For heavy soil, use 2 oz. per 5 gallons.

COVERAGE: Makes up to 641 ready-to-use gallons. One ready-to-use gallon cleans approximately 400 square feet. Coverage will vary depending on soil level and thickness and absorbency of carpet.

USAGE TIPS:

- For best results, pre-spray with Ultracpac Trafficlean. Post-spray with All Fiber Rinse for a softer carpet hand after cleaning.
- Ideal for portable extractors—Easy to mix, dissolves completely
- Reliable performance in sensitive truckmount metering systems
- Not recommended for use on wool or upholstery.
