Enviro Care[®] Floor Stripper

Floor Finish Remover

This product meets Green Seal[®] Standard GS-40 based on effective performance and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

Enviro Care[®] Floor Stripper

Where to Use

ENVIRO CARE Floor Stripper is an environmentally preferable floor finish remover that does not contain 2-BE, APE, Caustic, EDTA, or Ammonia. ENVIRO CARE Floor Stripper is specifically designed to remove ENVIRO CARE Novus iXT technology as it cures and ages. Conventional stripping chemistry will be less and less effective as EC Novus ages. Also removes most conventional metalcrosslinked floor polishes. This fast acting and pleasant to use stripper removes multiple layers of finish without harsh alkalis and other conventional components. ENVIRO CARE Floor Stripper is highly concentrated and requires no neutralization prior to finish application.

Benefits

- No 2-BE, APE, Caustic, EDTA, Ammonia
- Readily Biodegradable*
- No Free Hydroxyl
- Non-Corrosive
- Not TDG Regulated
- CARB Compliant
- Fragrance Free

* As defined in 40CFR796.3200 EPA/TSCA

Dilution Ratios

Light Build-up: (1:8) 16 oz. per gal/475ml per 3.8L of water.

Heavy Build-up: (1:4) 32 oz. per gal/945ml per 3.8L of water.

Dilute with water from the cold tap.

Directions for Use

Test in an inconspicuous area prior to using.

Enviro Care Floor Stripper is safe on linoleum when used as directed.

1. Dilute ENVIRO CARE Floor Stripper 16-32 oz. per gallon/ (475-945ml per 3.8L) of water used, depending upon the amount of floor finish build-up to be removed.
2. Mop the ENVIRO CARE Floor Stripper solution onto the floor.
Note: Best results are obtained by working in small sections 100ft² (930 m²) at a time.
3. Allow ENVIRO CARE Floor Stripper to penetrate for 5 minutes.
4. Scrub the area using a floor machine equipped with high productivity/wide weave stripping pad.
5. Pick up the solution with a wet vacuum or mop and bucket.
6. Rinse thoroughly. Allow the floor to dry completely and apply ENVIRO CARE Novus.

Distributor Contact Info

As with any stripping operation, use extreme caution when walking on the floor while the stripper is working, as the emulsified floor finishes can become very slippery.

For a more detailed application and maintenance program please ask for our Step by Step Green Procedures Guide - Form 4105.

Properties	
Color	Clear Yellow
Fragrance	Mild
Viscosity	Water, Thin
VOC's (% by weight) EPA Method 24	6.5%
pH (concentrated)	10.75
Readily Biodegradable	Yes
Phosphate Free	Yes

Available Packages	Package Code	
55 gallon drum	# 11904057	
2x2.5 gallon case	# 11904046	
4x1 gallon case	# 11904027
